How to set up your eNoticesOnline account

1. You will need to locate your “eNoticesOnline Authorization Code.” This is usually located right above or below your parcel or account number on your latest notice or statement. It will say “eNoticesOnline.com Authorization Code” followed by your code.

2. Once you have located it, go to eNoticesOnline.com and click on the “Create New Account” link at the top right portion of the page. In the page that comes up, complete the registration form including the Authorization Code.

3. Once you submit the form, you should receive an email to the address you provided during registration. Click on the enclosed link to validate your email address and activate your account.

4. Once activated, you will receive another email indicating you were successful and listing the accounts/parcels that you activated.

5. If you have more eNoticesOnline Authorization Codes to enter, just go to My Account => New eNotices Code and enter any remaining codes you may have. This will allow you to view all of the notices with one eNoticesOnline account.

Note: You are registering for paperless notices and statements when you register for eNoticesOnline.
